Very popular, widely-sought after. We've worked hard to help our area's history come alive through the voices of those who were there. These books contain interviews with our seniors who have connections with the pioneer families who first came to the area between 1880s and 1940s. Each volume contains interviews and a photo taken at the time of the interview or from some other source. We do not anticipate additional volumes for this project in future years.

All Volumes are available from the Museum

(Copies may also be picked up by appointment by calling 647-7200, or 647-5580 during the winter.)

Keep this portion for your records and mail form below and payment in to the Museum, or give to a Museum Director.
